Worshipful Masters Message

Gettings Brethren,

Another month down in the year, and here we are already starting a new one. Aside from a new month, it's starting to become more and more obvious that Spring has sprung. I've never been one to hate the rain, but after a long and cold winter, a little sunshine is always welcomed. It gives the feeling of new beginnings and new aspirations. Consequently, this is not only an important time in our own lives, but is also an important time for our lodge.

I feel good weather and atmosphere has the tendency to make one feel more energized and positive overall. This can only be a good thing for all of our brothers. It will make it much easier to perform the work we need to do in order to keep our lodge in working order, and it will also give us more opportunities to enjoy free time with our brothers as well. I am looking forward to it.

Warm wishes,

Jared, WM
